

SCHOOL DISTRICT 46

YOUTH FIRE ACADEMY 2025

PROGRAM INFORMATION

The SD46 Youth Fire Academy is a Work Experience 12 program offering students an incredible opportunity to explore the exciting field of firefighting. This equal opportunity program is open to all grade 11 and 12 students in SD46, including those in the SPIDER program. Participants will be challenged in their strength, endurance, communication, and teamwork skills as they engage in activities such as dragging charged hose lines, extinguishing live fires, laddering buildings, gaining certifications, fighting wildfires, and using the “Jaws of Life” to cut through cars.

Twelve (12) Cadets will be deeply immersed in an 8-day program, which includes both classroom instruction and practical exercises. The Academy will cover the physical and educational components of Firefighter Basic Training for new recruits. Skills will be taught collaboratively by firefighters and officers from local fire and wildfire departments, providing students with access to a wealth of experience.

Firefighters must maintain a high level of fitness to perform their duties effectively. Turnout gear, tools, and breathing apparatus add approximately 23 kilograms to the wearer. Successful applicants will need to work in teams while wearing this heavy and hot life-saving gear. Previous experience in sports and a commitment to physical training will be beneficial.

The Academy will be held at the Sechelt Fire Department (5525 Trail Ave, Sechelt), the Training Yard (5940 Mason Rd), and the Sechelt Fire Base (4448 Hilltop Rd). The program concludes with a “Family Day,” where friends and family can watch a live demonstration of the skills and knowledge acquired during the program, followed by food and certificate presentations.

Cadets will be selected through a process evaluating a range of strengths and weaknesses, including academic performance, physical fitness, and interview results. Successful candidates will show strong academic abilities, excellent school attendance, relevant work or volunteer experience, and diverse interests. Those with a genuine interest in firefighting, forestry, paramedicine, military, or police services will particularly benefit from this Academy.

The SD46 Youth Fire Academy is dedicated to providing a unique opportunity to explore the fire service and its many benefits. This program is limited to twelve (12) cadets to ensure a high instructor-to-student ratio and a safe, immersive learning environment.
